Initials

- _____ No more than 8 newspaper-vending boxes shall be placed on any one-city block.
- _____ Freestanding newspaper vending boxes shall face away from the roadway, with the rear edge of each box being located on a line parallel to the curb. Each freestanding newspaper-vending box shall be bolted to the sidewalk or pavement. In the event that such box is removed, the sidewalk or pavement shall be restored to a safe condition. No vending box that has been designed to be freestanding may be strapped or in any way attached to a city light pole or other city fixture.
- _____ Newspaper vending boxes that are not freestanding may be banded to aluminum and concrete poles. No newspaper box shall be banded to a steel street light pole. A newspaper-vending box, which is not freestanding, may only be attached to a city-owned light pole, which such pole is more than 20 feet in height. Such box shall be securely strapped to the pole so as to prevent movement of the box and shall be oriented so that customers can stand on paved sidewalk when accessing it. The top of the newspaper-vending box shall not be more than 50 inches above grade. No more than 2 boxes may be strapped to any single pole. A newspaper-vending box strapped to a light pole shall not obscure any traffic sign or reflector or in any way obstruct the visibility of such sign or reflector. Fastening straps shall be made of stainless steel and shall be painted to match the color of the affected light pole. No chains or cables may be used. A newspaper vending box may be attached to a pole owned by any other entity provided permission from such entity is presented to the city clerk at the time of permit application.
- _____ A newspaper-vending box shall have doors, which swing closed, and latch after each opening.
- _____ A newspaper-vending box shall not exceed 50 inches in height, 26 inches in width, and 20 inches in depth.

Required Documents -

- A. Schedule A Completed and Attached (ccl-140f)
Information regarding each newspaper vending box location must be included on Schedule A. Disclosure of Location and Type of Newspaper Vending Boxes and submitted with the application. **City of Milwaukee
Department of Public Works
Newspaper Vending Box
Freestanding Installation Permit Requirements**

The following requirements are conditions for permit approval by the Department of Public Works for the installation of freestanding newspaper vending boxes in the public right of way:

1. Freestanding vending box bolt installations are not allowed on privately owned or maintained hollow sidewalk or heated sidewalk areas within the public way.
2. In accord with Wisconsin Statutes s. 182.0175, freestanding vending box bolt installation work is considered an excavation and installation contractors must notify Diggers Hotline three (3) working days before commencing installation work for related underground facility locating services. Notification requirements are available online at www.diggershotline.com or call 811 or 1-800-242-8511.
3. All installations in concrete sidewalks shall be made with type 304 stainless steel removable anchors installed in pre-drill holes. The anchor body shall be installed flush with the sidewalk and consist of a stainless steel drop-in anchor, threaded stud bolt, nut and washer. Embedment shall be a minimum of 4.5 bolt diameters, but shall not exceed an embedment of 2½ inches and the bolt assembly shall not protrude more than 1 inch above the vending box mounting plate. Typical installation detail is noted below.
