

**Redevelopment Authority of the City of Milwaukee**

---

**Resolution No.:** 10298  
**Adopted on:** July 14, 2011  
**Project/Area:** Edison & Highland  
**Aldermanic District:** 4th

---

**Resolution authorizing the preferred remedial cleanup action option at 1027 North Edison Street where an EPA Brownfields Cleanup Grant will be utilized for remediation.**

Whereas, the U.S. Environmental Protection Agency (EPA) has a program to provide funds to municipalities, and/or instruments thereof such as the Redevelopment Authority for remediation of contaminated properties; and

Whereas, EPA awarded a \$200,000 environmental cleanup grant for the property at 1027 N Edison Street that is contaminated by polycyclic aromatic hydrocarbons (PAHs), and lead; and

Whereas, to comply with federal National Environmental Protection Act (NEPA) requirements, grant recipients must consider the advantages and disadvantages of various remedial options, consider public comments, and choose a preferred remedial option; and

Whereas, the Analysis of Brownfield Cleanup Alternatives for 1027 North Edison Street proposes a preferred remedial option that addresses PAH and lead impacts through excavation and landfill disposal inclusion of the property on the GIS Registry; and

Whereas, this option has been chosen as the preferred remedial option in the Analysis of Brownfield Cleanup Alternatives for the 1027 North Edison Street site, and represents the best balance between cost and protection of human health and the environment; now therefore, be it

Resolved, By the Redevelopment Authority of the City of Milwaukee that the preferred remedial option identified in the attached Analysis of Brownfields Cleanup Alternatives is authorized; and be it

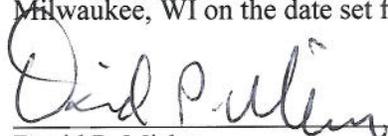

Further Resolved, that the proper officers of the Redevelopment Authority be and hereby are authorized and directed to enter into an agreement and/or other documents deemed necessary and agreed to by the Assistant Executive Director in order to implement the remedial action option.
