RE: Amendment to Firefighter Eligible List

On April 23, 2009, the Board adopted an eligible list for the position of Firefighter.

During discussion on that item, the Commission was informed that there were approximately a dozen military candidates who would be added to the eligible list periodically as they returned from duty. This would be done in accordance with the Uniformed Services Employment and Reemployment Rights Act (USERRA).

To date, six of these military candidates have been added to the Firefighter eligible list. Another military candidate has since returned from duty and has successfully completed the oral examination. At this time, we are submitting for your approval the name of the following individual to be placed on the current Firefighter eligible list at the indicated rank.
