

# MILWAUKEE POLICE DEPARTMENT MEMORANDUM

**Date:** Friday, February 12, 2010  
**TO:** Mike Tobin, Director, Fire and Police Commission  
**FR:** Judy Pal, Chief of Staff  
**RE:** Change to Position Ordinance

---

The Milwaukee Police Department formally requests a change to the MPD Position Ordinance to remove two (2) Data Entry Operator positions (Pay Range 415) from the Administration Bureau and create one (1) full-time Crime & Intelligence Specialist position (Grade 9) under the Criminal Investigations Bureau.

Ms. Nicole DeMotto has been with the department paid under a grant, which expires March 31, 2010. Her addition to the department has added a significant degree of skill and expertise to the Intelligence Fusion Center; and she routinely provides valuable statistical information to support our data-driven department.

The Data Entry Operator positions are not expected to be required in the future; and the ability to hire a full time Crime & Intelligence Specialist to oversee positions that were created in the 2009 budget is important.

If you have any questions about this transition, please do not hesitate to contact me.
