EMERGENCY VEHICLE EQUIPMENT INSTALLER

(Milwaukee Police Department)

PURPOSE: To install, troubleshoot and perform field repair of components and systems associated with emergency response vehicles including mobile radios, mobile computers, sirens, emergency lights and light bars, mobile in-car video systems, license plate readers, antennas, gun racks, prisoner cages and other job-related equipment inside emergency response vehicles.

ESSENTIAL FUNCTIONS:

- Install emergency response related equipment into City vehicles.
- Install electrical wiring, connect electrical fittings, drill holes, and perform all physical tasks associated with modifying vehicles for the acceptance of emergency response-related equipment.
- Design and manufacture cable assemblies and sub-assemblies that are vehicle specific and necessary for mobile vehicle installations. Develop wiring routes throughout the vehicle to provide for the most efficient wiring path and to enable future replacement and/or troubleshooting. Document and maintain all such information.
- Design and fabricate fixtures; modify existing equipment utilizing mig welder, plasma cutter, lathe and shear/brake
- Prepare estimates of the quantity and type of wire and connectors required; ensure that a sufficient number of cable assemblies are available
- Troubleshoot and diagnose problems with all mobile equipment.
- Document information related to installations and repairs
- Work with equipment vendors to facilitate necessary equipment updates and the correction of any problems.
- Perform multi-point inspection of all vehicles before releasing to Vehicle Services.
- Obtain and maintain manufacturers' certification for the emergency light bars, mobile video recording systems and license plate reader equipment.
- Maintain sufficient stock levels of installation hardware, DVR's and other related equipment.
- Pick up and deliver vehicles and job related supplies and equipment, using a City vehicle.
- Perform lead worker type duties as necessary including training, layout of work, answer questions and provide direction, set priorities, schedule work and provide input and recommendations to immediate supervisor.

Reasonable accommodations requested by qualified individuals with disabilities will be made in accordance with the Americans with Disabilities Act (ADA) of 1990.

MINIMUM REQUIREMENTS:

1. Associate's Degree in Electronic Technology or related field from an accredited college or university and one year of fulltime experience servicing two-way radio and other equipment associated with emergency response vehicles or performing tasks closely related to the essential functions listed above

OR

2. Three years of the above experience.
Equivalent combinations of education and experience may be substituted.

NOTE: College transcripts are required and must be received within three business days after the application period closes. College transcripts may be either attached to the application, sent to staffinginfo@milwaukee.gov or sent to Box ET, Department of Employee Relations, Room 706, City Hall, 200 E. Wells St, Milwaukee, WI 53202. Student copies are acceptable. Only applications with transcripts will be considered; applications without transcripts will be rejected.

3. Valid driver's license at time of appointment and throughout employment.

DESIRABLE QUALIFICATIONS

- Class B Commercial Driver's License without air brake restriction
